MUNA BACK-TO-WALL

Product number: Muna Halbrund

Muna / Muna S shower tray - a stylish design element for the exclusive bathroom. The Muna / Muna S shower tray is one of the highlights at HOESCH. Fans love its outstanding flexibility: the tray is available in a quadrant, semicircular, square, rectangular or, most recently, trapezoidal shape. Each shape is available in a wide range of sizes. Muna / Muna S impresses not only with its variety, but also its strong intrinsic qualities. The shower tray is made of mineral cast Solique, making it extremely robust. Measuring just 30 mm in height, it is elegantly discreet, and available with an optional non-slip surface to ensure you can stand safely in the shower (slip resistance corresponding to slip resistance grade C). • The widest range of mineral cast shower trays on the market • High degree of customisation options due to an almost unlimited selection of sizes, shapes and colours • Universal design, clean and simple • Ideal combination options with Hoesch shower enclosures • Solique's outstanding material properties • Various installation options • Accessible installation is possible • 15 mm depth, 30 mm material thickness
