

One&One back-to-wall

ONE&ONE BACK-TO-WALL

Product number: One&One Vorwand

One&One: striking for its pure, conscious minimalism Sometimes the simple solutions are the best. This is also true of the shower enclosure from HOESCH: the One & One. Pure freedom. Enjoy totally new space dimensions when showering with the generous XXL format. The design is impressive with its pure, conscious minimalism: You enter the real glass cabin through a simple opening. The handrail can be shortened to the desired length during fitting. The One & One corner shower enclosure consists of a 210 cm-high shower partition made from real glass. With no door, it is easy to enter via the opening at the side. All profiles and brackets have a minimalist, chrome look to highlight the simple elegance of the cabin. The icing on the cake is the EverClean finish on both sides of the glass guaranteeing a brilliantly clear, flawless glass enclosure. Basic equipment: - Real glass shower enclosure (8 mm) with EverClean coating - Chromed wall profiles and handrail - Adjustment range: Wall connection profile +/- 10 mm - The handrail can be shortened to the desired length during fitting - Profile combined with hand towel hook
