

## Free corner version

### FREE CORNER VERSION

Product number: Free Eckversion

Free - functionality combined with pared-back design - natural power Authenticity and freedom are the motto of the FREE walk-in shower cabin. The open shower space is only restricted by a real glass pane with a large leaf motif print. The shower enclosure is practical and easy to clean thanks to the double-sided EverClean coating, ensuring the motif stays sparkling for a long time. You determine the depth of the shower cabin yourself by simply shortening the handrail during fitting. The wall profile, handrail and handle are all designed in a modern stainless steel look. Combine FREE with the HOESCH shower trays in acrylic and mineral cast. Basic equipment: - Real glass shower enclosure (6 mm) with motif print and EverClean coating - Wall profiles and handrail in chrome or black - Wall connection profile +/- 10 mm - The handrail can be shortened to the desired length during fitting - Handle included
