

Muna rectangular back-to-wall

MUNA RECTANGULAR BACK-TO-WALL

Product number: Muna Rechteck Vorwand

Muna Walk In – simple and ingenious at the same time The MUNA shower enclosures extend the successful range of walk-in showers which are becoming increasingly popular. It is even easier to access. MUNA Walk In is tantalising for anyone who appreciates not only showering bliss, but also open space, functionality and modern design. All MUNA shower enclosures are equipped with the EverClean surface as standard, making them easier to clean. Thanks to the innovative profile technology, Muna shower enclosures offer the traditional installation option (horizontal wall support bar to the side wall) as well as the modern option of attachment to the ceiling. You can choose between a corner cabin (with one profile, can be mounted to the wall or ceiling) or a front wall cabin (with two profiles, can be mounted to the wall or ceiling). Basic equipment: - Real glass shower enclosure (8 mm) with EverClean coating - Chromed wall profiles and support bar - Wall connection profile +/- 10 mm - Horizontal (wall) or vertical (ceiling) mounting possible, see technical diagrams for each option - Handle included

Typ	Muna Rechteck Vorwand
