

Panel SensePerience 4,0 kW

PANEL SENSEPERIENCE 4,0 KW

Product number: 68156.551

The high-quality SensePerience steam panel can be selected as a suitable enhancement for existing showering cabins. It also offers you considerable scope in new bathrooms to customise the shower cabin to your taste. Extremely practical and intuitive to use, the modern touch-screen panel allows for easy and precise control of all functions - from the radio sound system and Bluetooth connection through to the lighting with colour changer and the powerful steam generator. The matching rain shower also offers an exclusive and pleasant choice: you can select between "Waterfall" for a waterfall showering experience or the "Cool down" nozzle to feel like you are surrounded by mist. Hoesch's SensePerience Steam Panel provides the best conditions to escape the stress of everyday life at the touch of a button and to enjoy relaxation and sensual well-being at home.
