LUMIA+ - the flexible extension for shower enclosures. For anyone who already has a walk-in shower enclosure at home, the Lumia+ movable shower enclosure is an attractive solution. The 200 or 210 cm high and 37 cm wide glass door can be used either as an extension in width or as an L-shaped addition to the entrance area. Children can thus also splash around in the open shower with great pleasure and increased splash protection. The Lumia+ shower enclosure is compatible with all walk-in cabins from HOESCH such as One&One, Free, Liberty and Muna.
